

MURPHY'S LAW: WHAT CAN GO WRONG
WILL GO WRONG AT THE WORST POSSIBLE TIME.
MURPHY WAS OBVIOUSLY A PARENT.

PacifiCare[®]

Caring is good. Doing something is better.

☐ **24-Hour Nurse Line** At PacifiCare, we've noticed that kids' illnesses don't keep regular business hours. That's why we created the 24-Hour Nurse Line. It lets our members speak with a licensed registered nurse anytime, day or night. Whether it's a general question about your child's health or your own, you'll get an answer when you need it most. Now. And that can help any parent sleep more soundly. Even Mr. Murphy.
